

Administering your benefits online

Your vision control center

EyeManage is the benefit management tool that helps our clients work smarter, not harder. It features:

EXTENSIVE FUNCTIONALITY

- Smart Search – an advanced search tool
- Intuitive workflow for Member Management functionality
- Streamlined billing and payment options
- Robust Administrator Management section
- Easy password reset & ID requests
- Real-time enrollment reports, plus a centralized reporting hub
- Comprehensive user Resource Center with EyeManage-specific training pieces and member materials

SECURITY THAT SETS US APART

Protective data security controls and capabilities

ACCESSIBILITY FOR ALL

In line with ADA guidelines, including font sizes, navigation and more
